

Our new name is **Lorenz Conveying Products!**

Lorenz & Son is excited to announce our new name to the marketplace. **Lorenz Conveying Products** is exactly what we do and we want everybody to know that. For almost 30 years Lorenz has been supplying top quality couplings, elbows, fittings, diverter valves and gates for the conveying industry.

“The fact is that we have grown so much in the past few years we thought it was appropriate that we grow our name as well”, says President Peter Lorenz.

“This name change definitely has had a positive impact on our employees and customers. It has given us the identity that we’ve needed to more accurately reflect what we do”.

Even though our name has changed we will continue to “Deliver what we promise on time every time”

These have been exciting times for **Lorenz Conveying Products** as we have had some major expansions and machinery acquisitions here at our Cobourg Ontario location.

We’re looking forward to next year as we celebrate 30 years in business, continuing to provide the quality and service our customers can count on!
